ETHAN QIU

San Francisco, CA | (415) 769-7405 | ethanqiu.sf@gmail.com | https://etqiu.github.io

EDUCATION

University of California, Berkeley — **Berkeley, CA**
Bachelor of Arts in Data Science — *Expected Jun 2028*
GPA: 3.961

- **Relevant Coursework:** Principles and Techniques of Data Science, Data Engineering, Intro to Probability Theory, CS61A (Structure of Computer Programs in Python), CS61B (Data Structures in Java), Linear Algebra, Multivariable Calculus,
- **Tools and Languages:** Python, R, Java, Git, GitHub, Vim, Pandas, PyTorch, SQL, Tensorflow, scikit-learn, NLTK, NumPy, Matplotlib, Seaborn, Jupyter, AWS

Lowell High School, San Francisco — **San Francisco, CA**
GPA: 4.45/4.00 — *Aug 2020 - May 2024*

- **Relevant Coursework:** AP Calculus BC, AP Statistics, AP Computer Science A, AP Physics C

WORK & PROFESSIONAL EXPERIENCE

Structure Therapeutics — **South San Francisco, CA**
Data Science Intern — *May 2025 – Aug 2025*

- Leveraged R to maintain and validate new features for clinical trial internal visualization and analysis tools.
- Improved backend performance for internal apps using caching and memoization, speeding up runtime ~80 seconds.
- Built ML models using scikit-learn and PyTorch to internally predict clinical trial success using patient metrics.
- Collaborated with clinical scientists and medical affairs teams for feature selection and data handling/ evaluation.

Kurma AI — **San Francisco, CA**
Data Analyst Intern — *Feb 2025 – May 2025*

- Performed preprocessing data analysis on research papers and pdfs using Python, RegEx, and pymupdf4llm.
- Assisted in developing and maintaining databases and other strategies that optimize statistical efficiency and quality.
- Helping interpret data, analyze results using statistical techniques, and prepare ongoing reports.

Dumpling Depot Restaurant — **Sunnyvale, CA**
Office Assistant — *Jun 2022–Aug 2022*

- Redesigned a new catering website via Java-script and on wix.com, and created a new menu option on the website.
- Prepared invoices weekly to upload to OneDrive in chronological order and organized miscellaneous invoices.
- Created an invoice management system (OCR) and increased website monthly sales by ~10% through catering extension.

AP Calculus BC Tutor — **Berkeley, CA**
Independent - Part-time — *Jan 2025–Present*

- Provided 1 on 1 online tutoring to high school students, focused on topics such as integration and differential equations.
- Utilized various teaching methods and online resources to enhance student understanding and engagement.

LEADERSHIP & EXTRA CURRICULAR EXPERIENCE

BIG Summer Day Camp — **San Francisco, CA**
Camp Counselor — *Jun–Aug 2020–2024*

- Led activities that encouraged collaboration and confidence to ensure campers were engaged creatively and cooperatively
- Practiced conciseness, projection and confident body language while speaking publicly and giving instructions.

Lowell Project Code — **San Francisco, CA**
Secretary — *Sep 2023 – May 2024*

- Facilitated meaningful discussions on upcoming projects, competitions and general coding concepts/advice.
- Organized hackathons fostering a dynamic environment of knowledge-sharing and skill development among members

PROJECTS

Credit Card Fraud Analysis | (Machine Learning, Scikit-Learn, Hypothesis Testing, EDA) *Feb – May 2025*

- Studied correlations with other undergrads between certain features and the amount of fraud-transactions per country
- Currently creating ML models to classify fraudulent transaction based on feature engineering and hypothesis testing

Sequential Neural Network from Scratch | (NumPy, Python, Pandas, Kaggle) *Jan – Feb 2025*

- Created a 2 hidden layer sequential neural network from scratch using NumPy on the MNIST dataset in csv form
- Applied ReLU and SoftMax activation functions in forward and back propagation in order to train the model.
